Paintup Program Extended 15 Days For Late Arrivals

Wholesale Paint Price To Continue As Project Comes to Life

At the request of the Truckee Donner Chamber of Commerce Cleanup, Paintup Committee, Rex Reid of Builder Service Center has agreed to extend the time for obtaining paint at wholesale price to July 1. It had been previously agreed that the savings on paint would end June 15.

N. F. Dolley, chamber president, and Zeph Rose, general chairman, pointed out at a meeting of the committee Tuesday that due to the fact many summer residents are just arriving and others have been delayed in getting the paint work started, the interest is still high.

Reid said he would not only extend the time for obtaining paint at wholesale but would contract with those wishing future supplies up to August 15, if they apply by July 1. This, he said, would give everyone an opportunity to share in the program.

National magazines are preparing for future use on the local project and interest which was dull at the beginning of the program several weeks ago is gaining. Trade magazine, newspapers and other media are finding the story of Truckee's paintup of more than passing interest and are seeking details for various articles.

Reid said that up to date more than 4,000 gallons of paint, costing in excess of $20,000 have been delivered locally.

The local committee, headed by Rose and Dolley, is still active and anxious to lend assistance in planning colors and helping out with other details.

It is proposed to keep the committee active throughout the summer so that the area will offer a more attractive appearance by the 1960 Olympic Winter Games in February.

Don't let this fool you, the market is keeping faith with its good intention and the weekend price is only $2.98.

Third Fire Of Year In Local Forests

Two small fires last Friday afternoon served as a warning that the season of year has arrived when extreme caution is necessary to prevent major blaze in the forests.

The first of the two occured just below the San Francisco Flycasters Club when burning debris got out of control in the stiff breeze at 2 p.m. The loss was confined to a very small area through the efforts of the Truckee Forest Service Suppression Crew.

The second fire was caused by one of the worst enemies of the forest — children playing with matches. The fire was discovered at 7 p.m. in the vicinity of the Ramhead Cafe at the east end of Donner Lake. Here too the quick work of the suppression crew prevented any loss.

Forest service officials report this is the third reportable fire of the season and they ask that every visitor to the forest be reminded that already dangers are high as a dry condition exists and any small fire might develop into a major conflagration.

LIQUOR RESTRICTION WILL AFFECT SCHOOL

Legislation authorizing the department of alcoholic beverage control to refuse to issue on-sale retail licenses for establishments within 600 feet of schools and playgrounds was signed by Governor Edmund G. Brown.

The 600 foot limitation has been applied in the past by the department in interpretation of a statute that limited licenses in the "immediate vicinity" of playgrounds and schools.

Thomas Charles Ormonde of Tahoe Vista and Alida Joyce Beseler of Al Tahoe were issued a marriage license in Susanville, California.

NEWS NOTES FROM TAHOE

NAOMI McLANE
Box 711, Tahoe City — JU 3-3187

One of those great June moths with fern-like antenna, flew into the house the other evening and finally came to rest against a Japanese lantern like a decoration we might have planned. In the morning it was gone. But at noon it appeared struggling against the window while outside another almost like a reflection of ours matched his groping flight. Of course, we let ours out but we are still wondering: Who called whom? And how?

* * *

The sun shown gold on a June bride Friday afternoon in the Outdoor Chapel when Kirsten Kiser exchanged wedding vows with Max Bennett in a lovely ceremony conducted by the Reverend Stanley Welsh. Kirtie is the daughter of Mr. and Mrs. Howard Laken Kiser and was attended by her sister, Mrs. Sherry Bridgeman who was married just last Christmas time. Miss Koby Kiser was a bridesmaid and Karla, a junior bridesmaid. Bob Bennett, brother to Max, stood as best man. Max is the son of Mr. and Mrs. Robert Bennett of Walnut Creek. The young couple will live in Kings Beach. Scores of friends and neighbors attended the wedding and the reception afterward at the Kiser home on Fairway drive.

* * *

School closed happily for all concerned with perhaps the exception of Mrs. Hal Farr who spent the last few days of the school year at home with measles. The fifth grade under the tutelage of Jim Reynolds held a farewell in the form of a overnight camping trip which all pronounced a decided success. The group hiked several miles up Ward Creek where they made camp, baked their steaks, and had a wonderful time. Chaperoning mothers were Mrs. Jean Calhoun, Jean Palmer, Patty Kilbourn, and Mary Anne Conners. Don Snyder came out for the supper hour bringing a pot of out-of-this-world beans from Martha.

* * *

The kindergarten held a formal graduation on Thursday at the big school and the youngsters had a chance to peek at the rooms in which they will continue their education. Mrs. Herman Henke is the teacher of this group and she looks forward to having her class under the same roof with the school. As most of you know, she has been holding the class in one of the rooms of the Tahoe Marina Lodge.

* * *

The PTA mothers were responsible for the successful all-school last day picnic held down at the Commons. Mrs. Betty Jorgensen as chairman of room mothers was in charge of the plans which, of course were mostly eats! Another graduation was held on Thursday at the Nursery school. Five little pre-schoolers marked the end of their term with the receiving of diplomas and little boutonnieres. The five ready for kindergarten next year are Doris Jeanne Day, Charlene Keehn, Joella Moe, Rudy Peterson, and Cliff Plew.

The community is grieved for the family of Dr. William F. Henry who died suddenly Wednesday from a heart attack. Henrys had only returned a few weeks ago for their annual summer and fall stay at Tahoe. Besides his wife, Mildred, Dr. Henry leaves his children, Don, Caroline and Jimmie. Commitment services were held Friday morning at St. Nicholas Church and at the graveside by the Reverend Stanley Welsh.

* * *

Sharon Wright is up for the summer and is working at Jack and Dinty's Market. She is living with Mr. and Mrs. Bill Hunter of Bacchi's Inn while here.

* * *

Binth Rustad flew, by jet, I believe, from New York to spend a good part of the summer with her father, Rusty, at Granlibakken. Jeannette Rustad expects Bill soon after school closes but John is too busy on the farm to come up for much time this year.

* * *

Plans are getting well underway for the second annual art show sponsored by St. Nicholas this August. Publicity chairmen for the event are Mrs. Charles Henrikson, Mrs. John Starratt, and Mrs. Peter Olsen.

* * *

Mrs. Glen Meixner, Conservation Chairman of the Federated Women's Club of Tahoe announced this past week the winners of the poster contest the committee conducted. In the fourth grade first prize went to Dick Pomin and second to Darlene Stark. Fifth grade winners were first, Kristin Meixner and second, Tommy Ruhkala.

Seven and a half candles decked the birthday cake of Dorothy Pomin on June 15 because on that date she was seven and a half. Her real birthday is December 15 which is a fine time to celebrate too but June is a better time for an outdoor party. Ten little guests helped mark the day at the home of Dorothy's parents, Mr. and Mrs. Bob Pomin. They were Anne and Sally Starratt, Tabor Griswold, Mindy Bechdolt, Lisa Beckman, Nancy Lardner, Sands Hall, Mildred Norton, Laura Hoxie and Debra Stark. Danelle Pomin helped with the games and refreshments.

The Tahoe Squaws Luau held Friday night at the Nevada Lodge was a huge success. The tables actually groaned in Oriental tongue under their load of exotic and beautiful food. The gay crowd almost all in "native dress" obviously had a wonderful time. Mrs. James Brehler was Luau chairman and her decorating committee were Mmes. Robert Bechman, Peter Johnson, Leland Baker and William Briner. Mrs. Clifford Lee and Mrs. Enrico Giannini were in charge of tickets. Everyone enjoyed the find combo band under the direction of Ross Price.

Mr. and Mrs. Willard Powner have arrived to occupy the Stoll home they have rented on Dollar Hill. The couple who spend their winters in Santa Barbara and Chicago are spending their 15th summer at the lake.

Mr. and Mrs. Art. Sather of Auburn will spend the summer at their Homewood place. He is convalescing from a recent illness.

True the whole world over

Each region of the world, each period in history, has recorded knowledge of the art of brewing. Authorities have found that, while brewing methods varied, one ingredient remained constant wherever beer of exceptional quality was made. *The one priceless ingredient was water.*

Whether it be the British Isles or the Continent, the Old World or the New . . . the character of the brewing water is largely responsible for the excellence of the beer. That is why Olympia Beer has gained such fame! Water that is *naturally perfect* for brewing flows from Olympia's own artesian wells. It is this rare brewing water that achieves for light Olympia Beer good taste that is *refreshingly different*, yet always just the same.

COMMUNITY CLUB MEETS

The Donner Summit Community Club chose the Donner Trail School to hold its last meeting of the year. The estimated fifty members who attended the pot luck dinner enjoyed a good baseball game before eating. The following business meeting was given to planning a barbecue for the club members and their guests. Steaks will be served August 2nd at the Big Bend Ranger Station picnic grounds.

MRS. ZORICH ILL

Again this week Mrs. Barbara Zorich has been taken to a Reno hospital for treatment. Her two year old son Tommy Zorich will visit Mrs. Jean Moriano in Reno before he goes to visit his grandparents. Now fourth grader Debby Zorich has gone to visit her grandparents, Mr. and Mrs. Burke who live on a Cattle ranch in Amador County, for a month. Passers by will see Bud Zorich holding the red flag at the highway construction area in Soda Springs this summer.

SCHOOL OUT

The Donner Trail School closed June 15 after the school picnic, to open again August 31st. The primary children held their picnic in the meadow along the river near the school. They all enjoyed swimming in the cold water and roasting hot dogs for lunch. The upper grades did their swimming in the river behind the Wofford's Motel.

NEW BOAT

Recently the DeWitt family of Norden drove to Stockton. Upon their return they brought with them a new boat, which is powered by a 50 horse power outboard engine. There will be little doubt as to what this family will do this summer.

SUMMER PLANS

Your reporter has made plans to move to Lake Tahoe near Tahoe City for the summer months this year. She will return to her Soda Springs home shortly before the opening of school in August.

NORTH TAHOE

By JUDGE HARRY CHARRISON

MARRIED

Our best wishes for many years of happiness are extended to one of our handsome young deputy sheriffs, Max Bennett, whose marriage to Miss Kiersten Kiser at the Episcopalian Outdoor Chapel at Tahoe City was Solemnized on Friday June 12th. Over two hundred friends and relatives witnessed the beautiful wedding. We hear that Max had quite a shock through the day he went to Auburn for the marriage license— he also received a greetings letter to report for Army duty on July 6th. Standing with a paper in each hand—needless to say the bridegroom to be was a bit bewildered.

WEATHER

The same beautiful summer weather is with us, the temperature staying around the 60 degree mark until late in the evening and the color of the sunset on the mountains around the lake is a gorgeous sight.

NEW BOAT

Our neighbors, Sam and Audrey Harrison, are the proud owners of a new Hydro-Swift little cruiser—Sam can sure handle it even when it is hitched onto his car. He says he drove so many trucks and trailers in the army that it's easy. Sam is truly a remarkable fellow. There seems to be nothing he can't do.

VISITING

Barbara Lee Vargas with sons, Stephen and Gary, from Martinez, are spending a few days with her dad, Lloyd Barnes and Grandmother Ella Mae Blake. It is the first time Barbara Lee has ever been up here and she is having a wonderful time. In fact she has to go home on business and says she will come right back. Lloyd is having the time of his life with his two cute grandchildren.

FROM PASADENA

Beverley and Wyman Williams with their three little boys are up in their home at Brockway. Bev and the boys plan on staying all summer. Wyman will be back and forth as he has a building business down south to take care of. Arnold and Sophie Miedema, Beverley's mother and dad have been spending two weeks up here. Arnold left last Tuesday for San Pedro. Sophie is going to stay up for a couple more weeks with the children.

BIRTHDAY

Best wishes and many happy birthdays are extended to Chuck Redd, former school teacher at Truckee High. Chuck is now teaching down in the bay area and plans on more schooling for himself this summer. He hopes to take a vacation in August and I'm sure will pay a visit to the Lake.

CAL-NEVA LODGE

The beautiful Cal-Neva Lodge had a very successful opening night with hundreds attending. The delectable buffet was enjoyed by everyone—so many good things to eat and plenty of everything, including cocktails. Watch the ad's for coming activities.

NORTH SHORE CLUB

North Shore Club opened on Thursday night in all it's glory—despite the absence of Bucky Harris. The welcome to the guests was really exceptional as always. The same excellent dinners are being served.

PARKING

With the entrance of the summer season, Kings Beach once again becomes the number one illegal parking area. We would suggest that people who are working and have businesses in the center of town would refrain from parking their cars from morning 'til night and give the visiting public, who we depend upon, an opportunity of parking their cars while they do business.

ACCIDENT

The bad accident on the Brockway hill last Saturday night brings to our attention the hazard of the hill, both in winter and summer. With those loose rocks on the north side of the road, leaves just about enough room for two donkey carts to pass each other. Let's do something about it before more tragic accidents occur.

BECOMES AN R.N

Miss Joellyn Ashton recently passed the state board examination and received her license as a Registered Nurse. Her dad, Dave Ashton made the trip to Salt Lake City to bring her back home. Joie has been away four long years and really deserves a whole lot of credit. Naturally we are mighty proud of our granddaughter.

BACK HOME

We are happy to receive a visit from John and Ethyln Dixon who have just returned from Santa Barbara, where they wintered and are now at their beautiful home at Crystal Bay. We are also glad to welcome back Tom Gerun of Bal Tabarin which celebrated their opening last Wednesday night, June 17th. Watch for the activities coming there and the same friendly atmosphere prevails.

BACK AT WORK

We are happy to see Carl Harried back at work after a siege of illness. We hope he will continue to improve.

SADNESS

It is with sadness in our hearts that we say farewell to one of our most beloved and respected citizens, Eugene Jarvis, who was a real friend to everyone that knew him. He will be greatly missed in this community.

HOUSE GUESTS

Babe and Harvey Klitzke have had some delightful house guests this week. Her very dear friend, Mrs. Buchanan Sehley, III. (Bonnie as we all know her) has had a wonderful time and round of parties. Also visiting was Babe's brother-in-law Arthur Ellis and daughter, Virginia Mae, who is engaged to Parker Dinwiddie of Reno. They are to be married in September and go back to Oregon State where they are seniors. We believe we have Art Ellis sold on Lake Tahoe and look for him to come back in September to make his home. He has already bought some beautiful property. We will look forward to seeing you before too long Art.

DONNER DOINGS

BY VIRGINIA O' BEAR

Mr. and Mrs. Andy Anderson were up this weekend to have some fun at their summer home on Beer Can Alley. Mr. Anderson is a service representative from Oakland for the Connell Motor Company, dealer for oldsmobiles.

* * *

Mr. and Mrs. Deloy Bate of Reno were weekend guests at Donner and Mr. Bate was busy demonstrating boating for the Diamond Boat Company of Reno. They have quite a display of boats at the west end of Donner and the most exciting one I think is the 17 foot Glasspar Seafair. I had an exciting ride in it Sunday and it is amazing what that boat can do. It can turn on a dime practically and will never tip over.

* * *

For some of you women who want to lose weight and get a good sun tan at the same time I suggest that you try the Weeres water bike at Donner Beach. Mr. Robert Jamieson was here this weekend and said that he would have more than the one for rent if they were in demand. I noticed three people on it and two were peddling the bike so looked like it would be fun.

* * *

The Donner Lake Volunteer Fire Department was called out Sunday as there was a chimney fire at the Martin Johnson home. Very little damage was done, thanks to the fast response of the firemen.

* * *

Anyone interested in a fish fry? I really believe that fishing has never been so good at Donner. I know, we have lots of trout and kokanee caught by our relatives who came to see if the fish stories were true. Mom and Pop O'Bear went home Sunday and left all of their fish because they just like to catch them, not eat them. Uncle "Dutch" and cousin Cecil are still here, almost getting their limits every day. Our daughter Andrea and her husband Jim Holmes of San Jose came up Sunday and will be with us a week. Jim has never caught a fish before in his life until yesterday so you can imagine how thrilled he was. I hope that when our company leaves they will take home some fish otherwise I will send out an S.O.S. and we will have that fish fry!

* * *

The Donner Lake Volunteer Fire Department, with the help of the Ladies Auxiliary went to press last Friday so The Sierra Sun could get the Boat Race Programs printed. As soon as the programs are ready they will be distributed to all of the merchants who bought advertising and made the project possible. Some will be saved to hand out on July 11 and 12, Boat Race weekend. We want to thank everyone for the cooperation that was received. For you folks who haven't heard about what is going on, you might like to know that a delicious chicken barbecue will be served at the west end of Donner Lake on July the 11, between 4 p.m. and 7 p.m. After the barbecue there will be a Firemens Ball at Donner Lake Lodge starting at 9 p.m. There will be a charge of $1.00 for children and $1.75 for adults for the barbecue but there will be no charge for the dance.

* * *

A meeting is scheduled for the Ladies Auxiliary Thursday evening June 18 at Donner Lake Lodge. It will be the last meeting before the Donner Regatta so all members are urged to attend. Dinner will be served at 7:30 and the meeting should get going by 8 o'clock.

* * *

I talked with Dick Swanson of Armstrong Realty and he told me that every day someone comes to Donner for the summer. Must be true because there are lights all around the lake at night now. Sure looks good after the long winter months of very little activity on the otherside.

Tom Bonano has his uncle up for the summer. Most of us remember Sam Ferruggio from El Cerrito. Sam helps Tom and Jerie around Donlac and can be seen most of the time with little Mike. He is a likeable person and likes the summers at Donner but goes home as soon as the snow comes.

* * *

Mrs. Frank Stewart is in Hollywood for a few days. Her daughter Susan will stay there for a few weeks. Frank is batching for a few days and their daughter Garee Lynn is staying with us until Olga gets home.

* * *

If anyone sees a large green boat, please contact Wayne Heitz at the Cottage Pines Motel. During the last storm we had, the boat broke loose and drifted to the east end of Donner. Wayne and his son Tony pulled the boat up on the beach and figured they would go after it when the storm was over. When they went to get it they discovered that someone had pushed it back into the water and now the whereabouts are unknown. Last year the oars were stolen to the very same boat that is missing now so they believe that whoever took the oars came back for the boat.
